LET'S TALK MOBILE ID'S

WHAT DOES THIS MEAN FOR LICENSEES?

It's simple: at this time a digital ID is not a valid form of identification for alcohol purchases. Once the Illinois Secretary of State has created a digital ID, liquor licensees may adopt non-discriminatory policies regarding which IDs it will accept.

Public Act 103-0824, which became effective on January 1, 2025, authorizes the Illinois Secretary of State to create a digital ID accessible from a mobile phone. Until such time as the Secretary of State fully implements the digital ID program, a digital ID is not considered a valid form of identification for the purposes of age verification for the purchase of alcohol. For more information, please contact the Illinois Secretary of State, www.ilsos.gov/mDL.
