

BASSET Overview

Beverage Alcohol Sellers and Servers Education and Training (BASSET) is a responsible alcohol service training program that is licensed by the Illinois Liquor Control Commission (ILCC). All individuals in Illinois who sell or serve open containers of alcoholic beverages, door security employees who check identification, and cocktail delivery drivers must obtain their BASSET license within 120 days of beginning employment. The goals of the BASSET program are to reduce alcohol-related incidents and drunk driving fatalities and prevent underage sales of alcohol. BASSET also protects the health, safety, and welfare of travelers on Illinois roadways, underaged minors, and the general Illinois public by requiring training and education on responsible alcohol service. The ILCC approves and licenses all BASSET trainers and training programs.

Who Does Not Require BASSET Certification?

- Volunteers serving alcohol at Not-for-Profit licensed events are excluded from mandatory BASSET training requirements
- Server training is not mandatory for off premise (packaged goods) establishments unless there is a local ordinance that mandates it for sellers at off premise establishments.

What is BASSET?

The Illinois Liquor Control Commission' (ILCC) licenses and administers seller/server training programs in Illinois.

What is the Purpose of BASSET Training?

It equips sellers, servers, and security detail to serve alcoholic beverages responsibly by acquiring intervention and prevention skills, verbal judo techniques, and how to spot signs of intoxication and the effect of alcohol on the body. Participants are taught the security features on state driver's licenses and identification cards, which will enable them to spot a fake ID. The laws regarding alcohol service, state laws, and Dram Shop liability are also covered.
